### **DETAILED ACTION**

This application is in condition for allowance except for the following formal matters:

#### ***Specification***

1. On page 1, line 3, "now Patent No. 6,724,149," should be inserted after "February 23, 2000,".

#### ***Claim Objections***

2. Claims 32 and 56 are objected to because of the following informalities:

In claim 32, line 5, "a capacitor" should be changed to --capacitors-- since each pixel has a capacitor. Therefore, display pixels must have plurality of capacitors.

In claim 56, line 6, "the second thin film transistor" and "the first thin film transistor" should be, respectively, changed to "a second thin film transistor-- and -- first thin film transistor-- since they have no antecedent basis.

Appropriate correction is required.

#### ***Reasons for Allowance***

3. Claims 42-55 are presently allowed.
4. Claims 32-41 and 56 would be allowable if rewritten or amended to overcome the objections, set forth in this Office action.
5. Claims 1-56 would be allowable because the cited art of record fails to teach an electroluminescence display device comprising a plurality of display pixels in a display pixel region, the display pixels comprising electroluminescence elements, storage capacitors and a plurality of power source lines which are disposed in a grid pattern extending in row and column directions of the matrix wherein power source lines intersected at a position between

Art Unit: 2821

the display pixels as defined in claims 31, 42, 47, 54 and 56; or an electroluminescence display device comprising power source lines which are provided along a column direction of the matrix with the display pixel region and those power source lines that are associated with the display pixels adjacently arranged along a row direction are connected to one another by a bypass power source line extending in a row direction as defined in claim 55 in combination of claimed limitations. Therefore, claims 1-34 are presently allowed.

### ***Conclusion***

6. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter
